

MARTIN MEMORIAL LECTURES

This lecture was established in 1946 to honor Franklin H. Martin, MD, FACS, founder of the American College of Surgeons, and his wife, Isabelle Hollister Martin. Starting in 2008, the Martin Memorial Lecture became the keynote lecture at the Opening Ceremony of the Clinical Congress, and is sponsored by the American Urological Association (AUA). The AUA previously sponsored the AUA Lecture scheduled in this time slot.

Nominations for this lecture come from the College's Honors Committee with consultation by the Advisory Council for Urology.

<u>YEAR</u>	<u>LECTURER</u>	<u>TITLE</u>
1946	Edward D. Churchill	American Surgeon, A.U.S.
1947	Allen O. Whipple	Qualifications of the Surgeon and the Cancer Problem
